

REPUBLICANS OF THE LEGISLATURE ARE PROGRESSIVE

Vote on Issues the Past Week Proves Their Good Faith.

BULL MOOSERS DISCONTENTED

"Upbit" Program Makes Them Pensive Because They are Going Home, Where Penrose No Ward Boss, as Enemies Hope, But is Still Strong.

Special to The Courier. HARRISBURG, Feb. 17.—Striking illustrations of the fact that the regular Republicans are just as progressive as are any representatives of the parties in the Legislature were given during the last week in the votes in the House on the resolution approving the income tax amendment to the Federal Constitution, and on the four amendments to the State election laws increasing the prison penalties for violations. When the income tax amendment came up Wednesday not a vote was recorded against it, and on the election law changes, which were introduced by John Robert Jones, a Schuylkill county Progressive, only from 5 to 25 votes were recorded against them.

Another instance tending to show that the parties can work together in utmost harmony on genuine progressive lines was afforded in postponing action on bills providing for a Constitutional Convention. Committee in order that they may be amended so that ideas advanced by the Democrats, which will insure minority representation in a Constitutional Convention, may be incorporated in them. But although these and many other examples prove the progressive character of the Legislature as a whole, and the possibility of passing any advanced measures for which there is a real demand, the Bull Moose contingent throughout the State apparently is far from satisfied. In view of some of the opinions that are heard here the belief is justified that "upbit" legislation is not wanted as much as is fictional advantage, and in this latter the Bull Moose force has been a sad disappointment to the faithful.

The Evening Times, a newspaper published in Philadelphia by Frank A. Munsey, and the leader of the Roosevelt candidacy last year, in a dispatch from its staff correspondent in this city, unhesitatingly itself the other day and avoided the Bull Moose leaders for the future to any recognition for the cause they represent. Among other things it said: "At the last election it was heralded from one end of the State to the other that the Republican party was dead and that Penrose was reduced to a ward boss, and yet the Republican machine appears to be as strong as ever. Every move of the House and Senate is the perpetuation and prestige of the Republican machine."

Further along in the same dispatch was the following statement: "If this situation continues, what was the use of the great fight put up in this State at the last election? What was the use of the third party? What was the use of a publican machine take over the entire Legislature, class everybody into the old factions of Republican and Democratic, and then proceed with the legislation as of old?"

Why not, indeed? Indications are that the result as expressed in laws enacted would be more pleasing to the people of the State as a whole than would be the case if the two old parties were quietly to retire and let the Plinities "proceed with the legislation" in their own sweet way.

Because of the outburst of the Evening Times considerable interest was taken here in the visit of Senator Penrose to Williamsport, where he went Wednesday to make a Lincoln Day address. The reception the reception the Senator got served to confirm the theory of the Evening Times that he had not been reduced to a ward boss. One newspaper in its report of the visit said, "If the Senator's political power was to be measured by the deference shown him today, it is still in the zenith. It is an early morning until late at night he was the big figure in the city." The same newspaper said that "Progressives and regular party men vied with each other in paying their respects to the visitor."

As was predicted early in the session, the Democrats and Plinities were not as keen to have the State Government investigated as they pretended to be, and during the past week the resolution introduced by Senator Crow, which called for a general inquiry, was amended at the instance of Representative Holmes, the Democratic floor leader, to restrict it to the employees of the House and Senate. It now goes back to the Senate for concurrence in this amendment.

Antonio Bufano Wins His Fight to Save Countryman's Life in Utah

Antonio Bufano of Dunbar this morning received a telegram from Salt Lake City, Utah, stating that the parole board had commuted the sentence of Robert Zaffy from death to life imprisonment. This ends a fight of more than a year on the part of Mr. Bufano to save his fellow countryman from the gallows for murder. It was in October, 1911, that Zaffy, James Romeo and Joseph Lammato were convicted of murdering an American. Lammato turned State's evidence and was given life imprisonment. The other two were sentenced to hang on January 1.

WOMAN INJURED BY A SLIDING DOOR WHILE AT CHURCH

Mrs. Walter E. Houseman Crushed to Floor as Door Descends Upon Her.

MAN STRUCK BY FALLING PULLEY

Patrick O'Connor Injured in Pipe Mill and is Removed to Hospital—Man Causes Excitement by Collapsing in Barber Chair; is Taken to Home.

Special to The Courier. SCOTSDALE, Feb. 17.—Mrs. Walter E. Houseman was injured in a peculiar manner Sunday morning at the First Presbyterian Church, when one of the sliding partitions was being lowered out of the walls. As one was coming down Mrs. Houseman, who was starting out to take church of one of the classes, was caught by the heavy partition and crushed down to the floor. Her hat was crushed, and a hat pin through it was bent, while she was crumpled down on her knees. The unconscious woman was extricated from her dangerous position and taken home by Dr. N. E. Suley in his automobile. Her worst injuries seem to be about the shoulders, which were bruised. The shock was also severe from the accident, and for awhile excitement was caused, as it was feared the woman had been killed. The one lowering the doors cannot see anyone passing under them or standing in the truck upon which they descend.

Patrick O'Connor, a barber, aged 27, married, was struck on the head by a pulley at the pipe mill on Saturday afternoon. Mr. O'Connor had been working at the pipe mill for the last six months, and a month ago married Miss Doyle of Valley. He was removed to the Mt. Pleasant hospital, where it was said he had a fractured skull. The hospital people said today that he had been rational, but it is difficult to forecast what such an injury may result in.

There was a good deal of excitement about the brother who shot his way out of the pipe mill on Saturday evening, when John Long, who was being shaved, collapsed in the chair. He slid down in the chair and was removed from it and revived. He got back in the chair and the barber resumed shaving him. When the man collapsed the second time, a doctor was called and Mr. Long was taken to the hospital in a hurry to his home on Homestead avenue.

RAPS U. S. STEEL

President-Elect Wilson's New Book is Issued Today. NEW YORK, Feb. 17.—"The New Freedom," by Woodrow Wilson, will be placed on sale today, just two weeks before the Presidential inauguration. Mr. Wilson declares "The laws of this country do not prevent the strong from crushing the weak, and because the strong have crushed the weak the strong dominate the industry and the economic life of the country."

At the close of the chapter on the tariff the President-elect says: "What we are interested in first of all is the tariff. It is the tariff that is the grip of special interests of the throat of Congress. We mean that business in this land shall be released, emancipated." Writing of trusts, the President-elect says they have been artificially created. By way of illustration Mr. Wilson cites the steel trust.

"A trust does not bring efficiency to the aid of business," Mr. Wilson says. "It buys efficiency out of business. I am for big business, but I am against the trusts."

C. W. PATTERSON DROPS DEAD IN HIS PITTSBURGH HOME

Former Burgess is a Victim of Heart Disease on Saturday.

APPARENTLY IN GOOD HEALTH

Calls Dead While Talking With Family and Several Friends Who Had Called; began as Liverman Here and Was Also in Hotel Business.

Charles W. Patterson, 47 years old, a former Burgess of Connelville and for several years a hotel keeper, died suddenly Saturday night at his home, 732 Maryland avenue, Pittsburgh, while conversing with his family and several friends who were spending the evening in the home. He was seized with a sudden attack of heart failure and died about 19 minutes afterwards.

Mr. Patterson's sudden death came as a great shock to the members of his family and his wide circle of friends. He had been in the city the greater part of the day, returning home about 4 o'clock in the afternoon. On last Tuesday he was in Connelville and was apparently in good health.

The body arrived here this afternoon at 2:55 o'clock and was removed, by Funeral Director J. E. Sims to the home of John S. Patterson, No. 525 North Prospect street, a brother of the deceased. Funeral from the Patterson residence tomorrow afternoon at 2 o'clock. The Rev. J. L. Proudhon, pastor of the First Presbyterian Church will officiate. Interment in Hill Grove Cemetery.

Mr. Patterson was born in Dunbar township and came to Connelville when 24. He was a son of James Patterson, deceased, and Mrs. Catherine Patterson. About 17 years ago he went into the livery business in the care of the old Barnes property on Church place. Later he bought the livery stable of Charles Wilkey & Son, and afterwards erected the stable building on the site where J. L. Stader's livery now stands.

Mr. Patterson was a Republican and in 1903 was elected Burgess, serving three years. He defeated William McCormick. In 1906 he bought the local real estate business of the Connelville Lodge of Elks and was well known throughout Fayette county. In addition to his widow he is survived by three children, Katharine, James and Cleo. His mother, who is in poor health, one brother, John S. Patterson, and one sister, Mrs. Myrtle Roderick of Dravosburg, also survives.

MOTORMEN ARE WARNED

Superintendent Coffey Orders Them to Look for the Fire Truck. The coolheadedness of John Martin, who drives the fire truck, Saturday night averted what perhaps would have been a serious accident. As the machine was leaving the hose house in response to an alarm from box No. 12, a West Penn trolley car approached rapidly, and the motorman made no effort to stop. Martin saw the danger, and ran the auto over the curb just in time to prevent a collision.

Burgess J. L. Evans intends reporting the motorman's carelessness to the company. On several occasions, the firemen say, motormen have made no effort to prevent accidents when the machine is going to a fire, and it is feared that a serious collision will occur some day.

Superintendent M. A. Coffey of the West Penn, posted a notice on the company's bulletin board, warning motormen to halt their cars whenever they see the truck approaching. When the cars are stopped the chauffeur has a better opportunity to pass them without accident.

A Human Match Factory

The body contains phosphorus sufficient to make 483,000 matches. Phosphorus is one of fourteen elements composing the body—divided among bones, mind, nervous system and other organs. The perfect health of body requires a perfect balance of the elements. These elements come from the food we eat—the stomach extracts and distributes them.

But if stomach is deranged—the balance of health is destroyed and the blood does not carry the proper elements to the different organs, and there is blood trouble—nervous trouble—heart trouble. Pain is the hungry cry of starved organs. Put the liver, stomach and organs of digestion and nutrition into a condition of health. That is just what is done by

OLIVE Tablets OIL the Bowels

A Physician's Substitute for Dangerous Calomel.

When you feel that your liver and bowels need help take Dr. Edwards' Olive Tablets, Substitute for Calomel. Calomel is effective, but dangerous—causing bad after-effects.

Olive Tablets are especially made to take the place of Calomel. Dr. Edwards for years has been Calomel's foe. He saw its dangers and its disadvantages in 17 years' practice, treating patients for all kinds of liver and bowel complaints. In his efforts to do without Calomel he developed his now famous little olive-oil coated tablets. Olive Tablets are mild but effective. Safe and sure. Pleasant to take but unfailing in results.

Olive Tablets oil the bowels just enough to start Nature's own action, and they tone up the liver at the same time. They are made from a rare combination of vegetable compounds mixed with olive oil.

If you want to regain that feeling of joyous buoyancy and clear thought, take Dr. Edwards' Olive Tablets. They work like a vacation. 10 and 25c per box.

A NEW ERA HERE IN STATE POLITICS, SAYS DENNY O'NEIL

Came In With Election of
Speaker George R.
Alter.

A BIG CROWD AT SCOTSDALE

Heads of Opposition Newspapers Met
For First Time on Platform, W. B.
Key Being the Other Speaker, From
McKeesport; Other Notes of News.

Special to The Courier.
SCOTSDALE, Feb. 16.—Frequent and vigorous applause marked the speech that J. Denny O'Neil of McKeesport made when he and W. B. Key, also of that city, spoke Sunday afternoon at the First Methodist Episcopal Church to a house crowded to its capacity with men and quite a number of boys. The meeting was one of those held under the auspices of the Men's Bible Class of that church and President M. L. Hanson presided and introduced the men as speakers. "Bible Sunday" had been a tradition during his six weeks' evangelistic campaign in McKeesport.

Mr. O'Neil did not delay any in speaking of his subject, "Boys," declaring that he is going to do all that he can to help put down the business in this State, where, he went on, the saloonkeepers and brewers have absolutely dictated the legislation. In his own county of Allegheny, he said, "Jim" Mulvihill had been coming over to run the county, takes a haul in Westmoreland and hustles at Harrisburg to get his legislation accomplished.

"I have decided to mix a little religion in my politics and if you fellows will mix politics with your religion we shall stop the saloonkeepers and brewers from choosing the candidates for both parties and electing the ones they want and dictating the legislation to be enacted." For his own case he said that his announcement that he was a candidate after he had taken his stand against the liquor dominion brought Mulvihill to declare that they would make an "example of him." He added that in spite of this he had led every man on the ticket at the primaries.

He believed that a new era in Pennsylvania politics came in when George R. Alter was elected Speaker of the House for that was the first time in his recollection of politics in this State that a man of the liquor crowd did not elect the Speaker. And besides that head of the Law and Order Committee in Mr. McKeesport a constant Christian gentleman.

Referring to a story appearing in a Pittsburgh newspaper within the last few days that he had "standized" during the campaign, Mr. O'Neil said: "The reporter that wrote that, Larry Gushorn, lied when he said that and knew he lied. Gushorn is a Pittsburgh reporter who enjoys the prize fight privileges from Mayor Massey, and the newspaper knew the story was a lie when they printed it. In their files is shown they printed a speech I made at Homewood when I said that I was against the liquor crowd and that I would stand by and beat down before I would retract. The cups I gave were sanitary paper cups for picnics and such gatherings."

He held up a folding paper cup. "These are the cups and every salable man here knows that if a man went into a saloon with one of these he would be kicked out." The cup apparently would hold as much as a water glass. "The newspaper knew it was padding," he said, "the I suppose at the instigation of the liquor crowd, and for every one of those lies they print I will work twice as hard to beat them down. If that speaks me for it, I've got two boys and as every third family in the United States has a son, I will keep your mind on the essentials of your life, avoiding gloomy thoughts."

These born today will be energetic and clever. When young men should have cheerful countenances and lead active outdoor lives for their tendency will be toward mindness and vain imaginations.

Mr. Key said, when introduced, that this was the first time he had been booked with Mr. O'Neil on the platform as the two were heads of the rival districts in McKeesport, and continued by saying that the people of Allegheny county believe there is being raised up in that county a Moses to lead the people out of their political bondage. He said "Mr. O'Neil owns property in McKeesport where the saloon business is conducted and he has given notification that with the termination of the liquor license law business must cease. And I know that means considerable financial loss to him."

Mr. Key read the hymn "Will There Be Any Stars in My Crown?" and said: "If the stars are made up of souls that official crown maker would certainly throw up his hands when the specifications for 'Bible Sunday's' crown came in for in McKeesport there were 10,000 souls in six weeks. That would make King George's crown look like a piker's and that's the nearest I come to the subject announced for the 'Bible Sunday' King George Look Like a Piker."

He told incident after incident of the effect of personal work and prayer as exemplified in McKeesport, one of the most illuminating discourses in this line, said experienced church workers after the address, ever given in this section.

FATHER DIAL.
George H. Hodges received word on Sunday morning of the sudden death of his father at Kingston, North Carolina, and he and Mrs. Hodges left for that place to attend the funeral.

A PARTY.
Miss Helen Heger entertained at a very private party on Friday at her home on Walnut avenue, the decorations being of hearts and flowers significant of Valentine's day. The luncheon was served in style and fitting to the time. The L. M. S. Club were the guests and included the present were Misses Ethel Sholar, Elizabeth Eicher, Alice Keller, Margaret Flannery, Anna Collins, Edna

Collins, Georgiana Wray, Gertrude Cox, Lillian Miller, Adrienne Brown, Vera Pittman, Mae Pittman, Emma Miller, Lulu Gable, Charlotte Kelly, Gladys Trimble, Mary Lou Herbert, Mabel Letzler and Gertrude Schuler of Pittsburg and Blanche Crook of Youngwood.

SUNDAY COMING.
The evangelistic services at the Methodist Church drew a large crowd Sunday evening. A feature was the quartette which reinforced the chorus choir. In the quartette were J. A. Barnhart, Mrs. Hattie Barnhart, Mrs. Joseph T. Lindie and Robert E. Butkell. This week J. C. Brown will assist the pastor and with the aid of the regular leaders, H. B. Bartlett and others will appear in duet and quartette work. The Rev. Brown is a well known singer at the conferences.

HOW TO GET STRONG

A Simple Remedy.
Weakness may be caused by a run-down condition, mal-assimilation of food, lack of iron in the blood or a result of disease.

Whatever the cause, we want to say to every person who needs strength, you need Vinol, our delicious cod liver and iron tonic without oil as it is the most efficient strength creator we have in our store.

A case has just come to our attention from West Baden, Ind. A beautiful young lady was a complete wreck—run-down, worn out and nervous, so she had to spend one-third of her time in bed. Nothing which was prescribed by her druggist, which she says did her more good than all the medicine she ever took in her life put her back on her feet and she is now strong, well and active.

It is the medicinal elements of the cod's livers contained in Vinol aided by the blood making and strengthening properties of iron which makes it so successful and we will return your money if it does not help you. Graham & Company, Druggists, Connelville, Pa. Vinol is sold in West Side by Fred H. Harnisch.

THIRD FLOOR, TITLE & TRUST BUILDING.

One More Week

AS A GREAT MANY PEOPLE WERE DISAPPOINTED HAVE DECIDED TO CONTINUE THIS WONDERFUL OFFER AND FOR HALF AN HOUR OF WEEK I WILL PUT YOUR EYES WITH \$1.50 OR \$5.00 EXPENSE "S. Q." GOOD-FILLED EYE GLASSES FOR \$1.00. SATISFACTION GUARANTEED OR MONEY REFUNDED. PLEASE REMEMBER, I AM DOING THIS TO BUILD UP A PERMANENT BUSINESS. COME EARLY IN THE MORNING AND EARLY IN THE WEEK AND YOU WILL BE SURE TO GET WAITED ON.

THIS STEVEN'S OFFER is an advertising proposition pure and simple—your advantage is a superior grade of goods at a special low price—my profit is making 500 new acquaintances and winning their confidence.

Stevens mountings are the best in the world—they occupy the same position in the optical trade as "Dogs Bros. 1847" or "Waltham" do in the watch business.

SUCH A STARTLING ANNOUNCEMENT no doubt makes you ask if it is absolutely bona fide, and if so, why I have decided to make this unheard-of sacrifice of regular \$3.00 and \$5.00 gold filled glasses at \$1.00 for one week to gain the full support and patronage of Connelville people and thus build up an extensive optical business. The lenses are the same I use in my regular line, every one fully guaranteed, and I use just as much care in fitting the eyes. Difficult cases a specialty.

Headaches and nervousness and other troubles far remote from the eye are oftentimes the direct result of an eye strain, which, if corrected with the proper glasses, would give immediate relief. It is not necessary for the eye to be so sore to indicate the need of glasses. In many cases the eye may be perfectly healthy and glasses may be needed for the reasons which are only apparent to the physician or skilled eye specialist.

For one week only, Gold Filled Eye-glasses mountings—pair guaranteed by the makers—fitted with our own lenses—including examination, \$1.00.

AN frames and mountings are stamped on the bridge Stevens S. Q.—don't take my word. They are gold filled—not gold plated—permanently guaranteed and will be replaced at any time if they fail to give satisfaction.

Special prices during offer on specially ground lenses and Bifocals.

For one week only, Gold Filled Eye-glasses mountings—pair guaranteed by the makers—fitted with our own lenses—including examination, \$1.00.

Caution about the Use and Selection of Spectacles.
Persons having normal vision will be able to read this point at a glance of 1/2 inch from the eye with ease and comfort; they will be able to read it with each eye separately. If unable to do so your eyes are defective and should have immediate attention. When the eyes become tired from reading or sewing, or if the letters look blurred and run together, it is a sure indication that glasses are needed. The longest wait in the shop goods department and the longest wait in the shop goods department. Continued use of these poor eyes will result in defective vision from the constant strain in the muscles of accommodation to supply the defects in the glass.

The Sale of White is a Revelation

If the comments of the women who admire beautiful new, ready-to-wear white undergarments is an authority—which we think is the best—then the White Sale is a revelation to the utmost. Hundreds and hundreds of beauty-enthused women roamed through the Big Store on Friday and Saturday, admiring this aisle of new, white undergarments, and that aisle of dainty embroideries. This section of new Spring Wash Fabrics was the recipient of many pleasing comments on their newness and distinctive beauty. The Linen Department was especially interesting to all women who appreciate new, bright, fresh linens at such moderate prices. The Curtain Store was another point of great interest. Very numerous were the high comments that were expressed about the good quality and selection displayed.

In fact the Sale of White as a whole is a finished exposition of beautiful, new 1913 White ready-to-wear and new spring wash fabrics

If the frigid weather on the outside caused a moment's hesitation in any woman's determination to profit by this event—it was forgotten the moment she set foot inside this beautiful and exquisite display of white, for most every woman who visited the Big Store on Friday and Saturday bought without hesitation. The reason is evident—the newness, the selection and the exceptional values.

This Week we have added new features, new values and reimbursed the offerings of the first two days

The Curtain Store will be an important feature of the White Sale this week, as great as the response was to the first two days of this event—greater still will it be the fore part of this week. A manufacturer of fine lace curtains will be partly responsible for this. We wired him our offer for 516 pairs of overstock curtains—he accepted. The curtains are here—516 pairs of new, fresh Cable Nets, Nottinghams, Circular weaves, Fillet and Panel and Medallion effects. We bought them cheap. Come—Farm Where Success is Sure

WHY waste time and wear out your life working an Eastern farm, when land in the Sacramento Valley, California, will produce many times more profit to the acre, with less work and worry. In Northern California the soil is richer, sun shines more often and irrigation makes you independent of the rain and drought.

Oranges, alfalfa and all fruits, grains, grasses and vegetables mature four to six weeks earlier in Northern California.

Stock and poultry are easier to raise and produce more because the climate is milder, and they can be kept out of doors all the year, where green feed grows in abundance. Markets are near, with cheap railroad, river and trolley transportation.

Investigate these wonderful farms; large acreage is unnecessary.

"TWENTY'S PLENTY—FORTY'S A FORTUNE"

Read carefully the table of profits and note the production to the acre; you will then understand why the Kuhn farms in the Sacramento Valley are money makers.

PIANO

Discontinued Case Style

Regular \$450 Value Strich & Zeidler

AT SPECIAL PRICE

\$350

You can judge by the illustration whether the style is handsome. But it has been dropped. This to a piano manufacturer is a serious matter. So much so that to quickly dispose of all of the discontinued styles a big sacrifice is made. We purchased the entire outfit—over 100 instruments—at a greatly reduced price. To quickly dispose of them we cut our profit also—and as a result you save fully \$100.

This is not only an exceptionally beautiful Piano, but also notable for its very superior musical qualities. The STRICH & ZEIDLER is regarded by all authorities as among the limited number of exquisitely artistic Pianos made—and excelled by none. Its real worth would make it good value at \$500 or more. The price at which it is now offered makes this the best Piano proposition of the season. The only reason change of case design. But you'd examine a whole stack of catalogues to find its equal for looks. WILL YOU SAVE \$100—You can by being prompt. Send for catalogue.

We Have No Dealings With Poor Merchandise

Our purpose to serve well those who transact business with us is as firm as was the neighbors' attitude towards Captain Boycott in Ireland in 1881.

Idle talk in print is worse than nothing in print, for it may be misleading.

Adjectives may persuade you to buy a thing which, after the glitter and first liking has worn off you may be disappointed in. Were such the case and the purchase made here, we would be sorry, and more unhappy still if you failed to tell us about it.

The safest store for you is the one whose merchandise is always a little better than what is printed about it.
